

### **Why Keep L.O.V.E. Present?**

What else is there other than L.O.V.E. At Work. L.O.V.E. conquers all regardless of the circumstances. It's the way of the universe. It's in human nature to be on the winning team because "L.O.V.E. Always Wins!"

### **What does L.O.V.E. in action look like?**

It looks like people seeing in a different light, what and who they had not seen before. It looks and sounds like real conversations, fun, no blame, acceptance, walking, talking together, trusting self and others. It feels like joy in the morning and tired by night. It sounds like laughing out loud and being okay with loud clothes and quiet times. It smells like new recipes that work; or not. It feels like humility, contribution and reciprocity. It is all of that and more

### **What are the goals and objectives of the Keep L.O.V.E. Present?**

**To provide an array of creative programs, activities and materials that support in developing the practice of KLP**
